Calculations:

Net Exports from NY = Waste Exports from NY - Waste Imports to NY

Proportion Disposed of at Seneca Meadows =
(Waste Disposed of at Seneca Meadows / Waste Disposed of at NYS Landfills and WTEs) x 100%

In-State Waste Disposed of at NYS Landfills and WTEs = Waste Quantity Disposed of at NYS Landfills and WTEs - Waste Imports to NY

Total In-State Waste Disposed of at Landfills and WTEs = Waste Exports from NY + In-State Waste Disposed of at NYS Landfills and WTEs.
